- ◆ Thurs 28 March End of Term, Student BBQ
- ◆ Mon 15 April Term 2 begins
- ◆ Thurs 25 April Anzac Day Public Holiday
- ◆ Mon 29 April Senior Cross Country at Dunolly

Principal's Report

Shocking news, electricity being studied at Timor Primary School! For the majority of the term we have been studying Energy. As we all know all energy comes from the sun and the junior students have been working out how this occurs and how plants use this energy. The junior students this-afternoon took full advantage of the thunder outside and discussed how thunder and lightning are created. All students sound as though they have had an informative and enjoyable time, but I think Mr Hall may have had the most enjoyment. Listening to the excitement in his voice he was clearly impressed with the students thinking and communication skills.

The senior class has focused on electrical circuits for the past 2 weeks, having completed a number of experiments using static electricity. Battery power is now being used to assist students to identify the differences between series and parallel circuits. Although they have not nussed it out just yet they are well on their way. It is fantastic to see the students engagement levels as they enjoy their hands on learning opportunities.

In general business school council last night met for the first time as the 2013-2014 council group. Maria Maes was reappointed as the School Council President, Kerry Hoban was sworn in as Vice-President, Rebek'ah Bailey was elected to the position of Secretary. Other members of school council also include myself as the Executive Officer (as is the position of all school Principal's on school councils), Bev Hartwig as a DEECD rep and Jodi Every is a Parent Representative. I look forward to another productive year working with the team.

Brett Dyson, Principal.

2013 School Fees

Semester 1 school fees of \$100 is due and payable ASAP. Thank you to those parents who nominated payment of their EMA to the school to be paid against this years fees.

Woolworths Earn & Learn is back for 2013. From Monday 8th April start collecting Earn & Learn points and place them on the points sheet.

One point = \$10 spent. The program will close on 9th June. Last year the

school received great resources to be used for Science and Maths. Bring your completed points sheets into school or there will be a box at Woolworths.
